

Toronto, ON the media business unit **Canoe.ca / Micasa.ca** of **Sun Media Inc. /Quebecor Media**, and **Rent Check® Corporation** are pleased to announce they have signed **an exclusive national sales, collaboration and distribution agreement** for the rental housing market involving Rent Check's online tri-bureau delivery software product (Click-to-Apply®). Under the terms of the agreement, SunMedia Inc will promote this trademarked product to the North American rental housing provider industry.

The Click-to-Apply® internet based rental application software is specially designed to provide convenience for generation "Y" renters looking for apartments on an internet listing service (ILS) like www.findarental.com. Click-to-Apply® eliminates renters having to take the time traveling to and from a rental property site for the usual rental office visit to view the premises then fill out a paper rental application form which traditionally complicated and lengthened the leasing process. Click-to-Apply® is well-suited to tenancy grantors since it delivers the renter's application directly to a leasing professional's email inbox and because of its unique functionality the delivery results includes tri-bureau reports from RentCheck®, Equifax® and TransUnion® in a privacy compliant manner. Click-to-Apply® instantly combines three disparate systems to converge online, results in increased leasing throughput, and improved renter satisfaction and is the future of online apartment leasing in Canada.
